## With Spin, Your Linen is Handled.

It can clean a mess, wipe down a spill, or keep your customers dignified during dinner. Your linen has a BIG role in your business. When it's not there when you need it, or you have way too much, that's a problem.

With Spin Linen Management, keep your linen inventory in integrity.

- We'll be there when you need us.
- We'll never overstock.
- We'll give you straight-forward pricing - no hidden fees or charges.

# Specialty Products

Your linen can say a lot about your business. Spin specializes in bringing new and innovative linen options to enhance your customers' experience.

## Bistro Napkins

The new trend in napkins, these come in a variety of colors and provides a distinctive look to your dining room. Ask us about the many options that several of our customers are now using!

*"The bistro napkins are great and Spin has been very reliable and responsive to the needs of my business. When we've ever needed anything in a pinch, I'm always confident that we can count on Spin to deliver."*

LE  
BOULLION **Jeffrey Koster**  
General Manager, Le Boullion

## Branded Napkins

801 Chophouse, a high-end eatery in the heart of downtown, came to us wanting their logo on their napkins. We were able to find a vendor that could screen print their logo onto their napkins perfectly placed for how they wanted their napkins folded. This enhanced their customer experience and look of their dining room.

*"Spin was the only linen company in town that was willing to give us high quality napkins with our logo on them. They have great customer service and they always find a way to get us exactly what we need."*

**Jake Yestingsmeier**  
General Manager, 801 Chop House

## Denim Striped Mechanic Apron

We came up with this apron in response to a request from Plank Restaurant wanting a trendy, unconventional apron with an east coast aesthetic that they could use behind their oyster shucking stations. If you have an idea that will help with your concept presentation, we can help find the solution!

*"When we opened up two years ago, we needed a superior, high quality, custom-made product. Spin does a great job keeping us in stock and the product is always clean!"*

**Matt Carper**  
General Manager, Plank
